

★ FROM THE DESK OF THE ELF ON THE SHELF ★

I have missed being in your warm, cozy house but I have been watching you every day! It looks like you've been good this year.

We have been so busy at the North Pole getting ready for the holiday season. There are so many requests for toys and cool gasdgets that we have been working over time.

But I am here now and can't wait to spend this Christmas season with you, watching to make sure you're being good!

I can't wait til Christmas

I can't wait til Christmas morning to see what's in store for you from Santa! Ill be letting him know everything that's on your list and if you continue to behave I'm sure you'll have lots of fun things under your tree!
